

THE CS-2511T CHAIN SAW

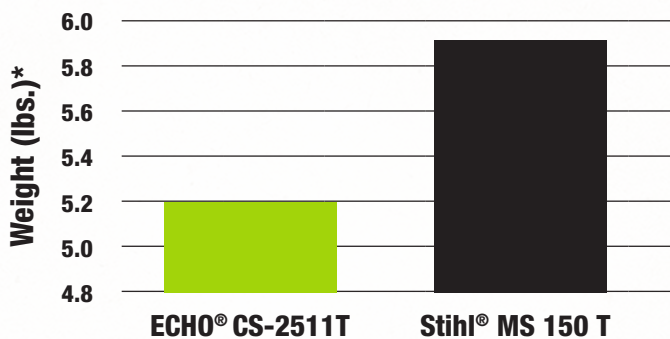

Here are 5 things to know about this powerful and compact top-handle chain saw.

LIGHTEST GAS-POWERED CHAIN SAW IN NORTH AMERICA

This ground-breaking, lightweight and powerful chain saw is an arborist's dream come true. Don't be fooled by its size. The compact body of the CS-2511T is loaded with commercial features that enhance productivity.

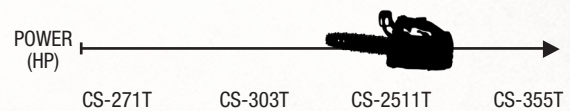

1 LIGHT WEIGHT - WHEN LESS IS BEST!

3 APPLICATIONS

Compact size is maneuverable in tight spaces and easy to pull through tree branches when climbing in a tree.

2 TOP HANDLE SAW PRODUCT LINE

4 COMPETITIVE POSITIONING

* dry weight without bar and chain

** actual weight (differs from catalog weight)

5 WHAT SETS THE CS-2511T APART FROM THE COMPETITION?

PRODUCTIVITY

- Provides 17% more power than the MS 150T*
- 14" blade is available to extend reach
- Large tank opening for easy filling

COMFORT

- Light weight, nearly 12% less than the competition, reduces operator fatigue
- Spring assisted starting system reduces pulling force making it easier to start in trees

ECONOMICAL

- 25% Less expensive than the comparable Stihl model
- Automatic, adjustable clutch-driven oiler allows oil flow to match conditions, reducing oil usage

DURABILITY

- G-Force Engine Pre-Cleaner™ extends filter maintenance intervals and lowers maintenance costs
- Commercial warranty 4 times longer than the competition
