CHANGE YOUR BLADE *NOT* YOUR KNIFE

The RazorSafe™ Series offers the sharpest, strongest replaceable-blade knives available, with safe, easy blade changes at the push of a button. The black-oxide coated blade holder supports the razor for the strength of a standard knife and sharpness of a surgeon's scalpel.

NEW

RAZORMAX™

BLACK / Model # RMK-10

ORANGE / Model # RMB-20

The first fixed blade addition to the popular **RazorSafe™ Series** with two styles of interchangeable 3.5" drop-point, and new 5.0" boning/fillet blades to field dress, debone and process game into perfect cuts for the table—all with a single tool. The rubberized **TPR** handle is ergonomically shaped for a positive, nonslip grip, and prevents fatigue during long periods of use. Comes complete with six blades and polymer/nylon belt sheath with removable blade pouch and blade caddy.

Patented and additional patents pending.

FEATURES

Knife Blade Steel: Japanese **420J2** stainless

Rockwell-C Hardness: 55-56

Holder: **420J2** with black-oxide coating

Knife Handle: Rubberized **TPR**

Our proprietary **PeakPerformance™** Grip ensures a seamless fusion of hand and tool.

The RazorLite EDC won top marks in my testing because of the . . . blade holder that stretches almost the full length of the blade. This aids in durability and keeps the blade from bending and breaking on the tough cuts . . . Kali Parmley, Managing Editor - Petersen's Hunting

NEW B.O.A.™

Box Opening Assistant
ORANGE / Model # BOB-10C
BLACK / Model # BOK-20C

This folding utility knife is a massive upgrade to the classic box cutter—and much, much more. The perfect ergonomics along with extensive jimping on the stainless steel blade holder delivers power from your hand directly to the cutting edge. Simply and safely replace blades with a flick of your finger using the safety-guarded thumb button. Accepts all standard utility razor blades. Constructed of 420J2 stainless steel with a sure-grip textured glass/nylon polymer handle with pocket clip.

Weight: 2.7 oz / 76.5 g

POCKET CLIP

SlideWinder™ and B.O.A.™ accept standard utility blades.

PARACLAW™

PARACLAW™

Have the edge in any situation with the **ParaClaw™** knife bracelet. Features a hawkbill blade ground from **8Cr13MoV** stainless steel with a stealthy **Blackstone™** finish. The blade is integrally molded to a glass/nylon guard that ties into the bracelet. Handle grooves and jimping on the thumb ramp ensure a positive grip at all times. The patented sheath system locks the knife securely and allows the blade to be drawn quickly and easily. Once deployed, the paracord bracelet forms the knife handle. Each bracelet is hand-tied and has an adjustable loop to fine tune the fit, plus a steel T-post for safe and easy attachment.
